Arvind Neelakantan

Career Highlights

Co-author of Gemini 2.5, GPT-4 and GPT-3 generative AI models

Co-founder and Research Lead of OpenAI embeddings (v1, v2, v3)

NeurIPS Best Paper Award, 2020

Google PhD Fellow, 2016

Automated Knowledge Base Construction Best Paper Award, 2014

Public Profiles

Work Experience

Research Scientist, Google DeepMind, Mar 2025 - present
Working on improving Gemini's agentic capabilities

Research Scientist, Meta GenAI, Sep 2024 - Mar 2025
Worked on Meta's reasoning models

Member of Technical Staff, OpenAI, Feb 2020 - June 2024
Worked on GPT-3, GPT-4 and embedding models
Managed embeddings, retrieval, fine-tuning and inference research teams

Research Scientist, Google Brain, Nov 2017 - Jan 2020
Neural Assistant: Chatbot reasoning on knowledge bases, generating text and API calls
Taskmaster-1: Toward a Realistic and Diverse Dialog Dataset

Education

University of Massachusetts, Amherst Aug 2013 - Aug 2017
Ph.D. in Computer Science
Knowledge Representation and Reasoning with Deep Neural Networks

Columbia University Aug 2011 - Aug 2013
M.S. in Computer Science

National Institute of Technology, Trichy Aug 2007 - Aug 2011
B.Tech in Computer Science
